WAGE & PRICE CONTROLS STILL BEIN' TAWKED...

There ain't very many times th' Economic Situation is discussed that someone don't bring up th' possibility of wage & price controls and regardless of how many times President Carter or any of his administration deny any aims in that direction there is still considerable unease on th' part of most everybody. Straws in th' wind like Carter's efforts to control prices of medical and hospital costs and efforts to law-bone industry and labor into less inflationary wage & price hikes keeps th' notion on th' front burner. Situations on th' Labor Front in which workers in th' public health & safety services, includin' teachers and postal workers, walk off th' job in illegal strikes with impunity clearly demonstrate that not only jawboning, but th' Law itself, cannot be made to apply in th' labor sector. There is no lingerin' doubt that prices of most

GREAT PLAINS WESTERN ACQUIRES DONAHU RANCH
Great Plains Western Corporation, breeders of Purebred Angus and Brangus cattle, recently purchased the Donahue Ranch located near Floresville, Texas. Negotiations were handled by R. C. Chapman, President of Great Plains Western, and Ken Wendland, of Western Farm Management and Canyon, Texas. The property will be used in conjunction with Great Plains' three other ranches in the area. Primary use of the ranch, which has extensive feeding facilities, improved pastures, and irrigation, will be for growing and developing purebred bulls and heifers. Great Plains Western operates ranches in Texas, Oklahoma, Mississippi, and Virginia.

Heifer Feeding At Record Level

Amarillo, TX. — Perhaps the most important aspect of USDA's July 1 Cattle on Feed report is not the 12% increase in cattle in feedyards, according to Texas Cattle Feeders Association market analyst Joe Wood, but the fact that it showed a record number of female cattle enroute to slaughter. "We've still got liquidation-period levels of heifer feeding underway in this country," said Wood. "The report showed 4.01 million head of heifers on feed — 20% higher than last year and 18% over 1976." "This is probably an early indicator of what we'll see when USDA releases its mid-year cattle inventory report next week — that herd liquidation has continued, and maybe at a faster rate than many in the trade have expected." Wood said the higher level of heifers on feed is also important because the

Fed Cattle Higher Monday at Major Markets, Hogs Lower at Most Points

Supplies of slaughter cattle were about 4,000 below a week ago on Monday and prices of fed steers and heifers were generally 50¢ to \$1.50 higher. Prices of slaughter cows and bulls also rebounded in similar fashion from the distressed prices in effect a week ago. Market hogs were in about 5,800 larger supply than a week ago and prices slipped about 25¢ on choice and prime grades, quotations on choice and prime steers and heifers and the mixed good and choice grades and on US 1-8 hogs scaling from 200 to 270 pounds in most cases included: Omaha fed cattle \$1 to \$2 higher. Steers \$54.50 to \$56.50 and \$58 to \$64; heifers \$51 to \$53 and \$49 to \$52. Hogs 60¢ lower at \$45.50 to \$47.50. Sioux City fed cattle \$1 to \$1.50 higher. Steers \$53.50 to \$55.25 and \$52 to \$58.50; heifers \$51 to \$52.50 and \$49 to \$51. Hogs 70¢ to \$1 off at \$45.50 to \$47.50. St. Louis steers steady to 50¢ higher, heifers firm to \$1 higher. Steers \$52 to \$55 and \$47.50 to \$49; heifers \$49 to \$52 and \$47 to \$49. Hogs 50-75¢ lower at \$46 to \$48. St. Joseph fed cattle steady to \$1 higher. Steers \$52 to \$55 and \$52 to \$53.50; heifers \$51.50 to \$53 and \$50 to \$51.50. Hogs 25¢ lower at \$46 to \$47.50. Kansas City fed cattle 50¢ to \$1 higher. High good and choice steers \$52 to \$53.50; heifers \$51 to \$52.50 and \$50 to \$51. Hogs 50-75¢ lower at \$46.50 to \$47.50.

1st All-Polled Sale Of Simmentals Set At Ft. Worth Show

The first all-polled purebred Simmental sale in the U.S. will be held Feb. 3, 1979 at the Fort Worth Southwestern Exposition & Fair Stock Show.

John B. Collier IV, secretary of the sponsoring Texas Simmental Assn., said only the top 50 Polled purebred Simmentals nominated from across the country will be accepted for sale.

Selling 3/8, 5/8, 1/2, 3/4 and 7/8 blood. These are Simmental, Limousin and Charolais steers. Also selling are 92 heifers including 1/2 and 3/4 blood Simmental and Limousin. There will be 3 heifers selling that are 7/8 and 15/16 Charolais.

These are top quality club calves from a herd that has been A.I. Sired by some of the leading bulls of the breed for many years. Sires represented in this year's offering include Signal, Abricot and Elair.

Ages run from January through May. All calves will be rough clipped, dehorned, pre-conditioned and partially halter broken.

Auctioneer will be R. J. Smith. For information contact the owners, Marvin and Betty Gregory, Rt. 4, Box 149, Sulphur Springs, Texas 76482, 214/885-4882.

Heifer Feeding At Record Level

(CONT. FROM PAGE 1)

heifers will go to slaughter lighter — and thus produce less beef — than would steers. "Thus, the higher number of heifers partially offsets the 12% increase in cattle numbers. We're still looking at larger supplies of fed cattle in September and October, but the 12% increase in numbers will not mean a 12% increase in fed beef."

Wood characterized the Wednesday report as "better than expected." It showed that in the 28 major feed states, there were 10,920,000 head of cattle on feed as of July 1. Placements during June were 9% above last year at 6,629,000 head. Marketings, at 6,951,000 were 7% above a year ear-

Alexander Ranches "Classified" Simmental Sale Set For Sept. 9

(CONT. FROM PAGE 1) offering of Simmental Breeding Cattle from the Alexander Ranches' Breeding and Selection Program.

Selling will be 10 three-in-one 7/8 pairs with 15/16 calves at side and 10 three-in-one 3/4 blood pairs.

Wood said the figures were unexpected. Trade estimates for the 28 states prior to release of the report indicated traders were expecting a 15% increase in numbers, a 12% increase in placements and only a 6% increase in marketings.

"This shows that the industry has done a better job than many of us had expected of keeping control of the inventory," said Wood. "It shows that if we keep selling cattle on an orderly basis, we may be able to work through the higher autumn supplies without any major problems. But the higher numbers also show that we could run into trouble, if we do fall behind in marketings."

Simmental Sire Summary Published

The 1978 national Simmental Sire Summary, rolling off the presses on July 1, provides in-depth performance reports on 1,119 purebred Simmental bulls — up a whopping 51% over a year ago. The report pointed to "substantial increases, running as high as 69% in one heritable trait, in the number of progeny reports available for inclusion in the 1978 Summary. As numbers increase, so does the accuracy and validity of this national comparison of Simmental sires."

The number of sire's daughter's first-calf performance reports increased 66% over last year. Animals with calving, weaning, yearling and carcass data increased 23%, 26%, 21% and 29% respectively. The 1978 Summary compares comparisons which were based on nationwide testing conducted by more than 30,000 members and non-members, Don Vaniman, executive secretary of American Simmental Assn., said.

Stuph & Thangs

(CONT. FROM PAGE 1)

Things are being raised more than necessary as a safeguard again business being caught with their prices down by a sudden application of price controls. We should have had enough experience in the past to know that Government controls on wages and prices simply don't work, except in a slave labor society where a Government controls business as well as labor. You don't have to strain your memory to recall what happened when President Nixon slapped price controls on the economy. The shortage of wire, hardware and other low profit lines of goods simply dried up since businesses could see no good reason to continue to manufacture 'em at a loss. Profit has become something of a dirty word to a lot of people, but profits are the fuel that make the country go and without 'em there would be a lot of Burrocrats have to start tryin' to make an honest livin', since th' taxes that support 'em would dry up, too.

It would be hard to imagine a single thing that is givin' the United States more headache than the Energy Crisis. At th' recent meetin' with heads of the other industrial countries givin' th' U.S. a hard time over our oil & gas binges and how it was wastin' th' dollar, yen, mark, pound and lira. However, oil & gas produced in th' U.S. is under price regulation and if this situation don't give you a rough idea of how price controls foul up th' works, then you just ain't been payin' attention. Th' Big Trouble with wage & price controls is not only th' fact that it messes up th' production & distribution of every thing we eat, use or wear, but it also drives these things back into the channels and opens th' door to new prices for every outlay. Surely a good many of us can recall th' Black Markets

Illinois, Iowa Youths Capture Top Honors At National Event

The National Shorthorn Heifer Show was held recently at the Tennessee State Fairgrounds, Nashville. Junior exhibitors paraded 194 Shorthorn heifers from 20 states before Judge Herman Purdy. Donna Ippensen, Bowen, Ill., exhibited the Grand Champion. Rosemary Greeley, Janesville, Iowa, showed the Reserve Grand Champion female that was also the Junior Champion and first place winner in a strong class of March and April heifers.

that sprang up overnight in previous periods of price controls and rationing. You had to know th' man that knew th' man, or you had to do without.

Wage & Price controls are th' Classic Example of Govmint messin' around in Bizness and if you think th' Govmint or th' Burrocrats can run any thing you ain't checked up on th' Postal Service, th' F.D.A., th' E.P.A., or th' Welfare Situation recently.

Ever thine, The Editor. P.S. Uncle Dunk says th' ignorance of cartoonists and Common Taters about th' high price of meat. If they was as dang smart they would look at th' liggers, which show meat & poultry costs amounted to only 4.5% of consumer's disposable income in th' 1970's and in th' 1960's it was takin' 5.7%. In those same spans per capita consumption went up from 180 lbs. to an average of 202 lbs. currently. Dunk says if you want another fact, think about how th' U.S. Govmint is payin' Japan \$779 million and West Germany \$1.4 BILLION in interest on loans of \$18.6 billion and \$28 billion, respectively. Loans to finance our Treasury's debt. A debt owed to all farm countries that totals \$108 billion. Dunk reports one of his East Texas operatives says he ain't gonna buy no more envelopes with postage printed on 'em. Says th' rate goes up eastern he can use 'em up - Thassell, Brothel.

Cattle Post Gains At San Antonio

(CONT. FROM PAGE 1)

calves. Feeder heifers 1.00 to mostly 2.00 higher. Slaughter cows: utility 2-3 \$1.25-36.25, high dressing 36.50-37.75. Cattle 1-2 28.50-32.75. Canner and low cutter 24.25-28.50. Bulls: yield grade 1-2 12.00-16.00 lbs. 39.75-43.00, few 10.00-14.00 lbs. indicating a low hanging percentage 36.25-37.50. Slaughter calves: few mostly good 470 lbs. 54.25. Feeder steers and bulls choice 200.

A LOT OF BULL?

You bet.

Just ask Shorthorn producer Bob Fuller of Steamboat Rock, Iowa. He reports bulls that are born uncastrated, that weigh at 516 pounds and that gain 4.00 pounds per day on a 140-day test, and that weigh 1,189 pounds at one year. Shorthorns have always had the ability to grade choice, so when you put it together here is a breed that does it all. Through the efforts of ASA's advancement programs and study and research by individual breeders Shorthorns' improvement is increasing all the time. No flits, no jandies. Just a breed that means higher profits for you. And that's no bull!
